

DATE	SIDE EVENT TITLE	ORGANIZER	LOCATION	TIME	ADDITIONAL INFORMATION
03.12	Monday 18:30-20:00 Achieving the IMO GHG Reduction objectives: fossil fuels, climate change and economic development	University College London (UCL) Mr. Tristan Smith IPIECA Limited Mr. Jim Herbertson	Room 5	18:30 – 20:00	
04.12	Implementation of Article 6 of the Paris Agreement	European Roundtable on Climate Change and Sustainable Transition	COP24 IETA BusinessHub Side Event Room, located inside the UN COP grounds, in pavilion H, space 2 (H-2)	13:00- 14:30	This side event is an opportunity for stakeholders to be briefed by and enter in discussion with some of the most knowledgeable negotiators to understand the progress and challenges towards the implementation of Article 6 of the Paris Agreement, which addresses the issue of 'cooperative approaches'.
05.12	Global developments in Renewable Gas (biomethane), Synthetic and Hydrogen gases	Joint: IGU, New Energy Coalition, Ecofys	EU Pavilion	16:00- 18:00	Confirmed Panelists: - Ms. Slingenberg, Office of Ms Yvon Slingenberg, Director European Commission - DG Climate Action, Dir. A – International and Mainstreaming - Mr. Tjisse Stepstra, Regional Minister province of

					<p>Drenthe, The Netherlands</p> <ul style="list-style-type: none"> - Mr. Thomas Becker, Managing Director at STRING, Denmark - Camilla Palladino EVP Corporate Strategy and Investor Relations SNAM - Piero Gattoni, President Consorzio Italiano Biogas - Daan Peters, Associate Director, Ecofys a Navigant Company - Menelaos (Mel) Ydreos, Director Pubic Affairs, IGU
10.12	Addressing Urban Air Quality, the Urgent Environmental Issue	IGU	Korea Pavilion	11:00-12:30	<p>Confirmed Panelists: Moderator, Menelaos (Mel) Ydreos Prof. Joe Kang, President, IGU Mark Radka, Chief Energy and Climate Branch, UNE Michael Kelly, Deputy Managing Director, W LPG Andrew Prag, Head of Environment and Climate Change Unit, IEA</p>
10.12	Conventional and Unconventional Gas as a Destination Fuel for the Green Economy	PGNiG	Poland Pavilion	10:00-11:30	<p>Speakers: PGNiG SA, UNECE (incl. ass and methane expert groups chairs), ICE CMM China, ICE CM Poland, Queensland University of Technology (Australia),</p>

					GMI (tbc), US administration representative (tbc)
10.12	Making a clean air real with natural gas	PGNiG	Poland Pavilion	14:00-15.30	IGU Participating in Panel Discussion, as part of a larger gas event, organized by PGNiG. IOGP will moderate the panel
10.12	Cocktail of gas industry	PGNiG and IOGP	Polish Pavilion tbc	evening	
10.12	Global Oil-Gas Industry's Green Transition	Tsinghua University	China Pavilion	18:00	ZHOU Aiguo, Deputy General Manager of Safe Quality and Environmental Protection Department, CNPC Dominic Emery, Director of Strategic Department, BP ZHANG Jianyu, Vice President and Chief China Representative, EDF, Menelaos Ydreos, Director of Public Affairs, International Gas Union Julio Friedmann, Center on Global Energy Policy, Columbia University ZHANG Zhonghua, CEO, Tus-sound Environmental Resources Co. Ltd
11.12	EU Energy Day	European Commission	EU Pavilion	The entire day	

11.12	Climate leadership in a multi-speed world: Competitiveness & International cooperation	FuelsEurope	TBD	Dinner at 19.30	
12.12	Pavilion of the Russian Federation at COP24 “Natural gas for low-emissions development”	-	Pavilion of the Russian Federation	12:00-14:30	Further details to follow
12.12	<p>Wednesday 15:00—16:30 Room 3 Paris: Policy, environmental, & technological innovations to balance the energy trilemma What roles are national and local policy, technological, and environmental innovations playing in balancing energy for prosperity with ambitious NDCs? This session will highlight the broader landscape of innovation factors that are triggering and accelerating new energy solutions.</p>	<p>World Energy Council (WEC) Ms. Sandra Winkler winkler@worldenergy.org +1 647 9234635</p> <hr/> <p>- Massachusetts Institute of Technology (MIT) Mr. Thomas Kiley tkiley@mit.edu +1 617 5157851</p>	Room 3	15:00—16:30	<p>Speakers: Christoph Frei, Philip Lowe, Dr Matar Al Neyadi, Rachel Kyte, Dr Elham Mahmoud Ahmed Ibrahim, Lisa Davies, Sergey Paltsev, John Fernández, Minister Environment Denmark / Sweden / New Zealand</p>

12.12	Achieving a net zero emissions energy system by 2050	GasNaturally	EU Pavilion	16:30-18:00	Organised by GasNaturally
13.12	High-level segment Russian Side-event “Russian investments for a transition to the low GHG emission development”	Russian Federation	UNFCC	13:15—14:45	Russian investments for a transition to the low GHG emission development Approaches to elaborating of LEDS in Russia. Humanitarian investments into low GHG emission development: experience of nuclear industry. Role of natural gas, hydroenergy in ensuring low emission development. Rusal's low GHG emission production, etc Speakers: Representatives of Russian authorities, business, scientific community and non-governmental organizations
13.12	14:30 – 16:00 Session I High-level debate - “Innovation in emissions mitigation – the road ahead for a sustainable future” BREAK 15 minutes 16:15 – 17:30 Session II “Effectively addressing climate change – the voice of	GasNaturally	IETA Pavilion	14:30-19:30	Organised by GasNaturally

	young generation”				
	17:30 – 19:30 Reception				

DATE	SIDE EVENT TITLE	ORGANIZER	LOCATION	TIME	ADDITIONAL INFORMATION
10.12	Delivering Multiple Benefits for Clean Air and Climate	CCAC	Cote d'Ivoire Pavilion	10:00-11:00	
10.12	Delivering Multiple Benefits for Clean Air and Climate: Focus on Nigeria	CCAC	Nigeria Pavilion	13:00-14:00	
10.12	Arctic Council Side Event on Black Carbon	CCAC	Room 1	18:30-20:00
